100% Pure Antarctic Krill Oil

The 100% pure krill oil in MegaKrill® softgels is produced with 100% natural Antarctic krill. These tiny, shrimp-like crustaceans flourish in the frigid waters of the Southern Ocean around the Antarctic continent.

Heart Health**

Krill oil is mainly composed of phospholipids, antioxidants, such as Vitamin E and astaxanthin, and the omega-3 fatty acids, EPA and DHA. Omega-3s help support a healthy heart.**

May Reduce the Risk of Coronary Heart Disease†

†Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease. [See nutrition information for total fat and cholesterol content.]

No Fishy Aftertaste

MegaKrill® softgels have no fishy aftertaste due to krill oil omega-3s being carried in phospholipid form.

GLUTEN FREE

100% satisfaction guaranteed or your money back.
