

ABOUT BLONYX BETA-ALANINE

BETA-ALANINE IS ONE OF THE MOST RESEARCHED SUPPLEMENT INGREDIENTS PROVEN TO IMPROVE ATHLETIC PERFORMANCE.* RESEARCH SHOWS THAT:

Beta-alanine enhances muscular endurance. It does this by being turned into carnosine in the muscle which, in turn, buffers acid build up.*

Beta-alanine is a naturally occurring substance needed by the body to maintain muscle acid buffer levels.* We get beta-alanine from eating meat and fish.

At Blonyx we believe that supplements should only contain simple, proven ingredients without unnecessary sugars, sweeteners or other additives.

BETA ALANINE

NPN#80039957
