

OUR STORY - Amazing Grass is grown and harvested in the great state of Kansas, one of America's top food-producing states. In Kansas, we're dedicated to creating the best Organic Green SuperFood, made from the finest ingredients on the face of the earth. We believe in the incredible power of nutrition, leaving this world better off than how we found it, and above all, sharing the happiness of Amazing Grass with our customers.

Antioxidants to the rescue! These superheroes of nutrition help support your body's natural ability to neutralize free radicals.* Their power is measured through a system called ORAC.** Broccoli has 900 ORAC units per 3.5 oz. serving and carrots have about 210 ORAC units. One scoop of ORAC Green SuperFood has a whopping 15,000 ORAC units. Give your body the defense it needs against free radicals with this irresistible tangy berry flavored juice powder.
