

CITRIMAX™ combines a concentrated extract of the fruit of the *Garcinia cambogia* tree with the trace mineral chromium and the amino acid L-phenylalanine. The active ingredient of this fruit, (-) hydroxycitric acid (HCA), has been standardized for maximum potency. HCA has been shown to curb appetite in numerous animal studies. CITRIMAX utilizes both ChromeMate® and chromium picolinate for broad-spectrum chromium supplementation. L-Phenylalanine is a precursor to key neurotransmitters. When taken in conjunction with the Maximum Metabolism Weight Loss Plan™, body fat may be reduced.*

Suggested Use: 1 to 2 tablets three times daily, approximately 1 hour before meals, not to exceed 5 tablets per day. For best results, take this product in conjunction with the enclosed Maximum Metabolism Weight Loss Plan™.

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, soy or wheat. Contains no sugar, preservatives, or artificial color, flavor or fragrance.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

CITRIMAX® and **CHROMEMATE** are trademarks of InterHealth N.I.
