DIETARY SUPPLEMENT

COLOSTRUM

CONTAINS 30% IMMUNOGLOBULINS

NET WT. 2 OZ. (56.7 GRAMS)

POWDER

Supplement Facts

Serving Size 1 Level Teaspoon (approx. 2 grams)

Servings Per Container 28

	Amount Per Serving	%DV
Calories	10	
Cholesterol	2 mg	<1%
Total Carbohydrate	1 g	<1%*
Sugars	1 g	†
Protein	1 g	2%*
Sodium	10 mg	<1%
Standardized Bovine Colostrum (dried)	2 g	†
Yielding 600 mg of naturally occurring immunoglobulins (proteins)		

*Percent Daily Values (%DV) are based on a 2,000 calorie diet.

†Daily Value not established.

Contains milk.

Suggested Use: 1/2 to 1 level measuring teaspoon daily on an empty stomach, mixed in water or juice as desired.

STORE IN A COOL, DRY PLACE.

Colostrum is the first “milk” given to a newborn calf by its mother, and contains proteins including immunoglobulins, or antibodies, that may not be present in ordinary milk. Colostrum is normally secreted only in the first 48 to 72 hours after birth. Source Naturals **COLOSTRUM** is true bovine colostrum (not cheese whey), collected within the first 12 hours of production. It is then standardized, so that the immunoglobulin proteins make up 30% of the finished product.*

CAUTION: If you are pregnant, may become pregnant, breastfeeding, or are allergic to cow's milk, consult your health care professional before using this product.

Note: Contains no recombinant bovine growth hormone.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for lacto-vegetarians. Contains no yeast, egg, gluten, soy or wheat. Contains no starch, preservatives, or artificial color, flavor or fragrance.
