

Bluebonnet

Directions: As a dietary supplement, take two capsules once daily or as directed by a healthcare practitioner.

Bluebonnet's Targeted Choice® Thyroid Boost Capsules are specially formulated with unique, sustainably harvested or wildcrafted botanical extracts, free-form L-tyrosine, as well as iodine from a proprietary blend of glandular powder, potassium iodide and brown seaweeds (i.e., kelp and bladderwrack). Freeze-dried, thyroxine- and BSE/TSE-free glandular powder sourced from pasture-fed cows in New Zealand not treated with hormones or antibiotics was integrated to help maintain healthy thyroid hormone levels that are already within the normal range. Available in easy-to-swallow vegetable capsules for maximum assimilation and absorption.♦

Targeted Choice® is a registered trademark of Bluebonnet Nutrition Corp.

InSea2® is a proprietary blend of brown seaweeds (kelp and bladderwrack) and is a registered trademark of InnoVactiv™
