

USAGE: Up to age 4, mix 1/4 teaspoon per day in water, juice, lukewarm infant formula or food, or as directed by your qualified healthcare professional. For newborns, mix into formula only 1/16 teaspoon per day for the first week. **DO NOT feed powder directly to infants or children.**

Baby's Jarro-Dophilus® contains superior, scientifically documented strains. Clinical studies have documented the benefits of *B. breve* M-16V and *B. longum* BB536 in infants and young children.* GOS (GalactoOligoSaccharides) is similar to the oligosaccharides found in human milk. GOS enhance the colonization of beneficial intestinal flora, such as Bifidobacteria.* †Minimum 3 billion viable cells at time of consumption, under recommended storage conditions and within Best Used Before date.

KEEP REFRIGERATED.

Keep out of the reach of children.
