STRAINS MATTER™

JarroW Formulas® Probiotics Contain
Clinically Documented Strains

GR-1®/RC-14® and VAGINAL FLORA (also called microbiota)

In one of the randomized clinical trials, 75% of women in the GR-1®/RC-14® probiotic group experienced significant improvement in vaginal flora composition, while only 34% of women in the placebo (non-probiotic) group experienced similar improvement.

Martinez, et al. Can J Microbiol 2009;55:133-138

USAGE: For maintenance, take 1 capsule orally per day, preferably with a meal and a glass of water, and increase to 2 capsules per day as needed or take as directed by your qualified healthcare professional. If your healthcare professional recommends taking this product in conjunction with antibiotics, take at least 1-2 hours after taking the medication.

Fem-Dophilus® contains two patented and clinically documented probiotic strains, *Lactobacillus rhamnosus*, GR-1® and *Lactobacillus reuteri*, RC-14®, discovered and developed by Dr. Gregor Reid and Dr. Andrew Bruce at Urex Biotech. Over 25 years of research supports the oral use of GR-1® and RC-14® to colonize and promote vaginal and urinary tract health.* A special manufacturing process protects the probiotic strains in **Fem-Dophilus®** from stomach acid and enhances probiotic bacterial survival to the lower intestine.*

Keep out of the reach of children.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
