

ElectroMIX™ is a water mineralizer and dietary supplement that contains nutritionally balanced essential electrolytes: **Potassium, Magnesium, Calcium, Manganese, plus Chromium.***

**Makes water
into Sports
Water . . .
Instantly!**

Dissolve the contents of one packet in a liter of water and soon your water will become a refreshing and nutritious sports drink.

ElectroMIX™ tastes great, has a hint of lemon-lime, and comes with 30 packets per box.

ElectroMIX™ is an ideal addition to virtually any beverage, providing the electrolytes your body needs.*

makes one liter of water**

DIETARY SUPPLEMENT

NET WT. 0.1 OZ (4.0 g) / PACKET (30 PACKETS)

EVERY LIVING PERSON NEEDS ELECTROLYTES, ESPECIALLY POTASSIUM*

Potassium is an essential element needed by cells to maintain water balance and optimal nerve function. Each cell requires sodium and potassium, but in differing amounts. Inside the cell, the concentration of potassium is far higher than sodium. Modern diets typically contain excessive sodium at the expense of adequate potassium. **ElectroMIX™** helps provide essential potassium that is often lacking in modern diets.*

Whether your water is bottled, filtered, or tap, when you add **ElectroMIX™** to it you'll get more benefits than the average sports drink. And you'll be drinking water, which is the beverage your body wants, craves and needs the most.*
