To replenish firm, hydrated, luxurious skin, Source Naturals **COLLAGEN FROM FISH** provides the nourishing support benefits of type 1 collagen and the essential building blocks for collagen synthesis in the body. As we age, changes are seen in collagen, the protein that the body uses as scaffolding for healthy skin growth and maintenance. Source Naturals COLLAGEN FROM FISH was developed from fish ingredients for those who appreciate the benefits of collagen but do not want bovine or porcine ingredients. Fish collagen has the added benefits of supporting healthy liver, glucose and fat metabolism in the body.*

Contains no yeast, dairy, egg, gluten, corn, soy or wheat. Contains no sugar, starch, preservatives, or artificial color, flavor or fragrance.

STORE IN A COOL, DRY PLACE.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
