

**USAGE:** Chew 2 tablets, during or shortly after a meal. Recommended for children age 2 and above under the supervision of a parent or caregiver. May take up to 4 tablets a day or as directed by your qualified healthcare professional.

**Jarrow Formulas® Yum-Yum Dophilus®** provides 4 clinically documented strains of potent beneficial bacteria in a yummy chewable tablet. Beneficial intestinal flora can be negatively affected or reduced by a diet that is low in fiber, high in animal protein, the use of medication, travel and stress, etc. The result is dysbiosis (i.e., disruption of the normal intestinal microflora), which can negatively affect gastrointestinal function and well being.\*

The friendly bacteria in Yum-Yum Dophilus® help maintain a balanced intestinal microflora, support immune function and promote health.\*

Xylitol is used to enhance the taste and support dental health.\*

Sugar-Free. No artificial sweetener, flavor or color.

Each tablet is individually blister packed for enhanced stability and convenience.

**Keep out of the reach of children.**
