

USAGE: Take 1 capsule 3 times per day (for a total of 3) with meals to facilitate maximum absorption, or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, or taking medications (especially warfarin/Coumadin), consult your healthcare professional before using this product.

Bone-Up® provides StimuCal™ ossein MicroCrystalline HydroxyApatite (MCHA) (from free-range New Zealand calves), which includes the superior combination of the inorganic calcium lattice of MCHA within an organic protein milieu. StimuCal™ is rich in native type I collagen—the predominant protein found in bone—and has been clinically demonstrated not to disproportionately spike calcium blood levels as do other forms of calcium, such as the carbonate and citrate salt forms.* StimuCal™ is combined with vitamin D₃ and vitamin K₂ (as MK-7 [menaquinone-7] from natural fermentation [a more bioavailable form of vitamin K]) to support the proper deposition of calcium into the bones, as well as assist in building up the bone matrix.* Bone Up® also supports cardiovascular and arterial health.*

HEALTH CLAIM: Adequate calcium and vitamin D as part of a healthful diet, along with physical activity, may reduce the risk of osteoporosis later in life.

For best results, use with Jarrow Formulas® JarroSil®, the biologically Activated Silicon®.

Keep out of the reach of children.
