

Suggested Usage: Take 2 capsules 2 to 3 times daily, preferably with food.

Cat's claw, also known as the "life-giving vine of Peru," "saventaro," or "uña de gato," is a thick woody vine indigenous to the Amazon rainforest and other tropical areas of South and Central America. It has been revered by native herbalists of the region for over 2000 years and is valued for its many uses. Modern scientific research has determined that its characteristic alkaloids are responsible for its biological activities.

Caution: For adults only. Not recommended for pregnant/nursing women. Consult physician if taking medication or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.

Store in a cool, dry place after opening.
