

NATURE'S SUNSHINE®

UltraBiomeDTX

- Supports the elimination of heavy metals*
- Supports healthy intestinal permeability*
- Helps purify the gut and balance beneficial bacteria*
- Provides sustained energy and optimizes nutrient absorption*
- Supports a balanced glucose response*

Recommended Use: Mix one stick pack in 9 ounces of water. Shake or stir vigorously and drink immediately. For heavy metal detoxification and cleansing, take one serving twice daily between breakfast/lunch and lunch/dinner. For ongoing maintenance of gut health, detoxification and microbiome support, take one serving daily between meals.*

Program Recommendations: Can be used as a heavy metal/microbiome detoxification program or combined with a healthy, fiber-rich diet as outlined in the Purify 2.0 and IN.FORM program.*

Soluble fiber as part of a diet low in saturated fat and cholesterol may reduce the risk of heart disease. A serving of UltraBiomeDTX supplies 5 grams of soluble fiber from inulin, psyllium, apple fruit fiber, flax seed, guar gum and acacia gum.*

Caution: Take this product as recommended with plenty of liquid. Avoid use if you have ever had esophageal narrowing or swallowing difficulties. May cause allergic reaction in persons sensitive to inhaled or ingested psyllium. Absorption of certain medications may be affected by ingestion of psyllium. Wait at least two hours after taking medication before using this product and/or consult your physician.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

NATURE'S SUNSHINE®

UltraBiomeDTX

Toxins from food, water and air can be absorbed and stored within the body, creating a bacterial imbalance within the gut that can be further disrupted by poor diet and chronic stress. As a natural protective mechanism, the body often stores toxins in fat but these toxins can be released into the bloodstream as fat dissipates. These issues can cause the body to function sub-optimally. Additionally, this gut imbalance can degenerate the gut lining and increase intestinal permeability, where food and additional toxins are released into the bloodstream, causing further metabolic disfunction.*

UltraBiomeDTX improves critical gut and intestinal function and primes detoxification pathways to help the body target and eliminate toxins. It also fuels the growth of healthy bacteria supporting microbiome balance and tightening cellular junctions. Additionally, our proprietary phytonutrient blend adds superior free-radical protection to reduce oxidative damage to the gut.*

Get unparalleled support for heavy metal detoxification, healthy intestinal lining integrity, full-body cleansing and regular elimination.*
