The glandular system regulates voluntary and involuntary action within the body such as growth, metabolism, digestion, elimination, activity and sleep. Endocrine and exocrine glands secrete fluids and hormones either to a duct or directly into the bloodstream where they stimulate some type of action. An imbalance in the glandular system may result in difficult sleep, irritability, fatigue, weight problems, irregular body temperature and emotional distress. The ingredients in this 30 day **Glandular System** program are formulated to provide balance and nourishment to the body's complex glandular system.†

Each packet in this 30 day program contains 1 Master Gland capsule, 2 AdaptaMax capsules and 1 Adrenal Support capsule.

RECOMMENDATION: Take one packet in the morning with breakfast, and one packet in the evening with a meal. Follow this pattern for 30 days.

Glandular System

Supports the Body's Glandular Process†

DIETARY SUPPLEMENT - 30 DAY PROGRAM
60 PACKETS - (240 Capsules)

Master Gland: Provides a blend of herbs, vitamins, minerals and other nutrients that help balance the glandular system, particularly supporting the pituitary, thyroid and adrenal glands.†

AdaptaMax: Is a combination of adaptogenic herbs that helps the body combat and adapt to stressful situations, and supports energy levels and sexual drive.†

Adrenal Support: Contains a blend of vitamins, minerals, enzymes and adaptogenic herbs to support and strengthen the adrenal glands, which in turn helps the body to better adapt to stressful situations.†
