

21st Century Nutrition for optimizing Immunity, Detoxification, Antioxidants and Tissue Repair.

Advanced nutrition that promotes lifelong wellness is just a **great tasting** glass away with NanoPro^{PRP} – the all natural, functional-food instant drink mix from BioPharma Scientific. A truly one of a kind “fast-food health-food,” NanoPro^{PRP} provides your body with special nutrients to support lifelong wellness.

Pure whey protein isolate from dairy provides the **highest biological value** of all proteins. When it is carefully low temperature processed (undenatured), as is the case with NanoPro^{PRP}, whey is also rich in unique **bio-active peptides**. It is these special peptides that support detoxification, antioxidant and immune functions, and tissue repair*.

Colostrum, the “pre milk” first food of all mammals, is an even richer source of these health enhancing peptides. The most important of these for balancing the immune response are called **proline rich polypeptides** or PRPs*. BioPharma’s fortified, colostrum is the richest source of bioavailable PRPs.

Better Taste ~ Better Science™

DIETARY SUPPLEMENT

NET WT 1.2 LBS. (540g)

YES:

- Great tasting, instant mixing
- Low carb, low glycemic
- BioChill™ low-temp processed
- Low lactose (< 1%)
- Mixes perfectly with other SuperFood™ formulas.

NO:

- Antibiotic residue, rBGH, BST
- Yeast, gluten, wheat grain or soy
- Added sugar, artificial sweeteners, flavors or colors
- Preservatives, additives, MSG
- Egg protein

- Unprocessed colostrum, specially fortified with **proline rich polypeptides** (PRPs), colostrum's most important component. PRPs support **optimal immune balance***
- L-selenomethionine and reduced L-glutathione for antioxidant and detoxification support*
- low temperature (**undenatured**) lean, non-GMO whey protein for tissue repair*
- VitaFiber™, a natural **prebiotic** and good source of soluble fiber

Suggested use: Mix one scoop with 4-6 ounces of cold water, juice, or milk. Shake briskly or blend briefly*. Enjoy once or twice a day unless otherwise directed by your health professional. Children under 12 take ½ serving. NanoPro^{PRP} is scientifically formulated to taste great with our entire SuperFood™ line.
Refrigerate After Opening.

*Prolonged blending may denature the delicate peptides in NanoPro^{PRP}.

ALLERGEN INFORMATION: Contains milk products as whey.

WARNING: Pregnant and nursing mothers, anyone taking prescription medications, or prior to any surgical procedures, inform their healthcare practitioner before taking this or any other dietary supplement.
