Recommended Use: As a dietary supplement, take 1 serving (5 capsules) 15-30 minutes pre-workout. Exceeding recommended daily dose is not advised. For best results, do not take this product at the same time of day as anti-inflammatory ingredients such as fish oil and those found in common joint and organ health supplements.		

It should also be noted that for persons with chronic inflammatory disorders that arachidonic acid supplementation is likely contraindicated and should be discussed with a physician prior to use.

Warnings: Not intended for use by persons under the age of 18. If you are pregnant or nursing or are taking any prescription medications, consult your health care professional before using this or any other dietary supplement product. Immediately discontinue use and consult your doctor if any adverse reactions occur.
