Collagen is a complex structural protein that maintains strength and flexibility throughout the body. As we age, collagen depletion can lead to common signs of aging in the skin, hair, nails, muscles, tendons, ligaments, and bones. Super Collagen™ contains clinically studied BioActive NeoCell Collagen™ which supports healthy collagen formation throughout the body. Using NeoCell's technologically advanced hydrolyzation process, large collagen molecules are enzymatically hydrolyzed into small peptides that are both bioavailable and bioactive in the body.*

Clinical Results: NeoCell Collagen™ has been shown to increase skin hydration by an average of 21% and up to 50%, with 92% of test subjects experiencing increased skin hydration and 60% experiencing firmer, softer skin.†

SUGGESTED USE: Take six (6) tablets daily. For maximum absorption, take on an empty stomach.
