

Serrapeptase is clinically shown to break down mucus and promote a normal inflammatory response. **SERRÉTIA** is pure serrapeptase in natural Acid Armor™ capsules. Acid Armor™ capsules have enteric properties that protect the enzymes from stomach acid without the use of chemicals and plastics commonly found in traditional enteric coatings. Acid Armor™ capsules delay the release of their contents for up to an hour in low pH environments.

SUGGESTED USE: Take 2 capsules 1 to 3 times daily between meals or as recommended by your physician. Serrétia can be safely taken with other dietary supplements.

WARNING: Serrapeptase may thin the blood; consult your physician if you are currently taking anticoagulants.

Serrétia

30 Capsules Pharmaceutical Grade
