Pure Premium Oil

Flora's High Lignan Flax Oil is a vegetarian source of omegas, each tablespoon containing 7 g omega-3 and 2 g omega-6 fatty acids (EFAs) for the maintenance of good health.* Every batch of certified organic flax seed (third party certification) has been carefully selected for flavor and maturity. In addition, each and every batch of flax seed is also tested to ensure it is gluten-free. Flora's Flax Oil has been Non-GMO Project Verified in order to ensure the safest, highest quality oil possible. This oil provides lignans, a natural source of beneficial antioxidants and phytoestrogens.*

Flora's flax seeds are pressed in a state-of-the-art, low-heat, light- and oxygen-free environment—then bottled in light-resistant, amber glass to ensure maximum nutritional value and freshness.
