

SHELF-STABLE

The Flora Advantage - Flora's line of shelf-stable probiotics was professionally formulated to provide you with maximum benefit and efficacy. Each strain used goes through an extensive probiotic characterization process, ensuring that it is resistant to gastric acid and bile, able to compete with other bacteria, is absent of antibiotic-resistant genes, and is able to effectively co-culture with human cells. Each probiotic strain used makes a distinct contribution to support gastrointestinal health.*

† Daily Value not established.

OTHER INGREDIENTS: Potato starch, hydroxypropyl methylcellulose, magnesium stearate, ascorbic acid.

Contains traces of milk and soy.

SUGGESTED USE: Take 1 capsule 1 to 3 times per day, with or just prior to meals (up to 30 minutes). Take this product at least 2-3 hours before or after taking any antibiotic(s).

CAUTION: As with any dietary supplement, consult a physician if taking prescription medications or if you have a medical condition.

TAMPER EVIDENT: Do not use if foil blister pack is broken. Store at room temperature (do not exceed 71 °F). For ultimate stability, keep refrigerated. Keep out of reach of children.

**Minimum of 87 billion total viable cells per capsule at time of manufacture. (Minimum 25 billion viable cells per capsule at printed two-year expiration date.)
