

Directions: Take one capsule per day or as directed by your healthcare practitioner.

Copper — provided in this formula as the highly-absorbable Albion® TRAACS® Bisglycinate Chelate — is an essential trace mineral associated with a variety of proteins and enzymes which perform essential metabolic functions in the body.*

This micronutrient plays an important role in supporting bone mineralization, connective tissue health, red blood cell production, cardiovascular function and neurological health.* Additionally, copper has been found to help neutralize free-radicals and stimulate the immune system.*

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.**

Caution: If you are pregnant, nursing or taking any medications, consult your doctor before use. Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.

This Formula Meets or Exceeds cGMP Quality Standards.

Does Not Contain: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy.
