Docosahexaenoic Acid	600 mg	†
(DHA) (from algal oil) (life'sDHA™)		

*Percent Daily Values (%DV) are based on a 2,000 calorie diet.

†Daily Value not established.

Other ingredients: high oleic sunflower oil, modified corn starch, glycerin, carrageenan, sorbitol, purified water, *beta*-carotene, sunflower lecithin, tocopherols, ascorbyl palmitate, rosemary oil, and caramel.

Contains soy.

Suggested Use: 3 softgels twice daily with meals.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Docosahexaenoic acid (DHA) is an *omega*-3 fatty acid and plays a significant role in cerebral development, especially during the crucial period of fetal development and infancy. Pregnant mothers transfer DHA directly to the fetus to support rapid brain and retina development. DHA is supplied to the newborn via mother's breast milk.*

Some people have lower concentrations of DHA due to low-fat or vegetarian diets. Supplementation with DHA can help ensure adequate amounts to support normal development of the brain and retina.*

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

STORE IN A COOL, DRY PLACE.
