WARNING: Consult your healthcare provider prior to use if you are pregnant, nursing, taking any medication or have any medical conditions.

Collagen Peptides Plus delivers pure, hydrolyzed, grass-fed bovine collagen to support your health inside and out.†

Collagen peptides are key structural components within the body, vital to healthy hair, skin, nails, joints, bones, cartilage, and more. Since natural collagen production declines with age, a daily dose may benefit your vibrancy and mobility.†

Stir this protein into your favorite drink or snack as a convenient way to encourage youthful-looking skin and healthy connective tissue. Each two-scoop serving of Collagen Peptides Plus provides 20g of collagen, plus antioxidant vitamin C to help promote natural collagen synthesis.†
