Servings Per Container 60

Amount Per Serving %DV		
Calcium (as calcium pyruvate)	120 mg	12%
Calcium Pyruvate Monohydrate	1 g	†

\*Percent Daily Values (%DV) are based on a 2,000 calorie diet.  
†Daily Value not established.

Other ingredients: gelatin (capsule), stearic acid, microcrystalline cellulose, and magnesium stearate.

Pyruvate plays an important role in metabolism and the energy production process. It is the link between two of the main energy-generating cycles in the body, glycolysis (anaerobic metabolism) and the Krebs cycle (aerobic metabolism). Pyruvate is also found in small quantities in foods. Source Naturals calcium pyruvate is manufactured using a unique process that ensures the product's stability and purity. Extensive research indicates that pyruvate may play an important role in a healthy diet and exercise program.\*
