

NaturalStacks.com

SUGGESTED USE: Take 2 servings per day, preferably 1 serving in the afternoon and 1 serving in the evening, or as directed by a healthcare practitioner.

MagTech® has all three types of magnesium known to have the highest absorption, L-Threonate, Glycinate, and Taurate. Research suggests that the natural compounds in MagTech® may supply more magnesium to the brain than other forms of magnesium. Increasing brain magnesium levels has been shown to increase memory, promote relaxation, enhance cognition, and may improve quality sleep.

Warning: If you are pregnant, nursing, or taking any medications, consult a healthcare practitioner before use. Do not use if safety seal is broken or missing. Store in a cool dry place. **KEEP OUT OF REACH OF CHILDREN.**
