Source Naturals **ATTENTIVE DHA™** is a fatty acid that the brain uses for its growth and function. DHA is naturally found in fresh fish and other foods that your child may not enjoy. Many active children have been found to have a special dietary need for essential fatty acids, including DHA. Source Naturals can help you meet your energetic child's needs with our special form of *life'sDHA™* completely vegetarian softgels that are easy to swallow. For children who are unable to swallow softgels, pierce shell and squeeze contents into food. Natural crystallization may occur.\*

**Suggested Use:** 1 softgel daily.

**NOTE:** If you are pregnant, may become pregnant, breastfeeding, or taking any prescription drug, consult your health care professional before using this product.

**Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.**
