L-GLUTAMIC ACID

500 mg

(FREE FORM)

DIETARY SUPPLEMENT

250 TABLETS
SUITABLE FOR VEGETARIANS
SUGAR, SALT AND STARCH FREE

AMINO ACID

Supplement Facts

Serving Size 1 Tablet

Amount Per Tablet	
L-Glutamic Acid	500 mg*
*Daily Value not established.	

Other Ingredients: Microcrystalline Cellulose, Vegetable Stearic Acid, Vegetable Cellulose, Silica, Vegetable Magnesium Stearate.

SUGGESTED USE: As a dietary supplement for adults, one (1) to two (2) tablets daily with juice or water, between meals, or as directed by a healthcare practitioner.

Long chains of molecularly bonded individual amino acids form protein. The body must first break these molecular (peptide) bonds for amino acid absorption to take place. Solgar's free form amino acids are already in their simplest form (no peptide bonds) and can be readily absorbed into the bloodstream.

If you are pregnant, nursing, taking any medication or have a medical condition, please consult your healthcare practitioner before taking any dietary supplement.

DO NOT USE IF OUTER BOTTLE SEAL IS MISSING, TORN OR DAMAGED IN ANY WAY.
