Stevia Extract (<i>Stevia rebaudiana</i>) 80 mg*		

*Daily Value not established

Percent Daily Values (DV) are based on a 2,000 calorie diet.

Other ingredients: Maltodextrin and natural flavors.

Suggested use: Add 1 packet directly to your food or beverage.

NuNaturals uses our special, highly concentrated Stevia extract, NuStevia, from which the bitterness of the extract has been removed. Be assured that this is a true Stevia extract, consistent in the quality that you expect from NuNaturals.

Maltodextrin is a carbohydrate derived from corn, added to make measuring easier. NuNaturals uses plant-based natural flavors that help to make our Stevia products the best-tasting ones available. NuStevia is a natural plant extract.

Contains no soy, yeast, gluten, wheat, milk, synthetics, artificial colors or flavors, preservatives, saccharin, aspartame, sucralose, or artificial sweeteners.

800-753-4372(herb)

While the Indians of Paraguay have used Stevia for centuries, the Europeans first learned about it from the Spanish conquistadors of the sixteenth century. Word was sent back to Spain that the South American natives were using an herb in their drinks to improve the taste. Today Stevia is used by millions of people all around the world.

NuNaturals NuStevia is a superior Stevia extract without the bitter taste that has been traditionally associated with Stevia. Through an all-natural process, the bitter-tasting components are removed. In addition, natural flavors further enhance the taste of the extract, providing you with the best-tasting Stevia products available.

NuNaturals Stevia products will not raise blood sugar levels and therefore are safe for diabetics.

We are sure that you will love NuNaturals' White Stevia Powder and we would love to hear about your experiences using it.
