NADH is a coenzyme of vitamin B-3 that is essential for the production of ATP, the primary energy carrier in our cells. The brain, the nerves, the muscles and the heart require a constant supply of ATP energy in order to function. Source Naturals® brings you ENADA®, a patented, stabilized, absorbable form of NADH available.*

NOTE: If you are pregnant, may become pregnant, or breastfeeding consult your physician before using this product.

Suggested Use: 1 tablet daily in the morning, on an empty stomach, with water. Wait 30 minutes before eating.
