

SOURCE NATURALS®

DIETARY SUPPLEMENT

COLOSTRUM

CONTAINS 30% IMMUNOGLOBULINS

500 MG • 60 CAPSULES

Supplement Facts

Serving Size 1 Capsule

Amount Per Serving	
Standardized Bovine Colostrum	500 mg†
(dried) Yielding 150mg of naturally occurring immunoglobulins (proteins)	
†Daily Value not established.	

Other ingredients: gelatin (capsule), maltodextrin, silica, and magnesium stearate.

Contains milk.

Colostrum is the first "milk" given to a newborn calf by its mother, and contains proteins including immunoglobulins, or antibodies, that may not be present in ordinary milk. Colostrum is normally secreted only in the first 48 to 72 hours after birth. Source Naturals **COLOSTRUM** is true bovine colostrum (not cheese whey), collected within the first 12 hours of production. It is then standardized, so that the immunoglobulin proteins make up 30% of the finished product.*

NOTE: Contains no recombinant bovine growth hormone.

Suggested Use: 1 capsule daily on an empty stomach.

CAUTION: If you are pregnant, may become pregnant, breastfeeding, or are allergic to cow's milk, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

STORE IN A COOL, DRY PLACE.

Contains no yeast, egg, gluten, soy or wheat. Contains no preservatives, or artificial color, flavor or fragrance.
