
Discover the secret of the delicious and energizing Açaí Berry (pronounced ah-sigh-EE) in Garden Greens™ AçaíSplash™ Concentrate. The Açaí Berry grows on top of lush palm trees in the heart of planet earth, the Amazon Rainforest. The small, oval shaped, Açaí Berry is deep violet in color and is naturally rich in polyphenols and anthocyanins, two of nature's most potent antioxidants.

The Açaí Berry has been consumed by South American Indians for hundreds of generations and has been treasured for its health benefits. After crushing and straining the Açaí Berry, the Indians either sip the honey-sweetened juice as a refreshing beverage or combine it with granola and bananas as an energizing meal.

In addition to the Açaí Berry, AçaíSplash™ contains nutrient rich berry extracts such as Lycium, Blueberry, and Elderberry. All these berries are combined with Grape Skin, and Pomegranate extracts to give you 100 mg of anthocyanins per serving. Anthocyanins are antioxidants that may help keep free radicals in check.

Now you can derive the energizing benefits of the Açaí Berry in a delicious concentrate from AçaíSplash™, Garden Greens™ AçaíSplash™ … your gold standard for concentrated food supplements.

Supplement Facts

Serving Size: 1 fl. oz. or 30 mL (2 tablespoons)
Servings per Container: 32

	Amount Per Serving	% Daily Value
Calories	5
