

Muscle Feast AgmaPure® Agmatine is designed to enhance nitric oxide production and improve nutrient delivery to muscle cells. It can boost endurance, as well as decrease recovery time. We have chosen AgmaPure® Agmatine, because it is a unique green, high purity agmatine sulfate. It's produced by a natural biological process and away from the neurohazard impurity Arcaine, which exists in almost all the other brands of Agmatine Sulfate.

SUGGESTED USE:

As an adult dietary supplement, take one serving (1500mg) in 6-8 ounces of water, 1-2 times per day or as directed by your doctor.
