

Creapure® is a form of creatine monohydrate and is widely considered to be the purest and finest quality creatine monohydrate on the market today. Made by AlzChem in Germany it undergoes a slightly different manufacturing process to make it 'purer', which is one of the reasons it's the preferred creatine for many professional strength, speed, and power athletes.

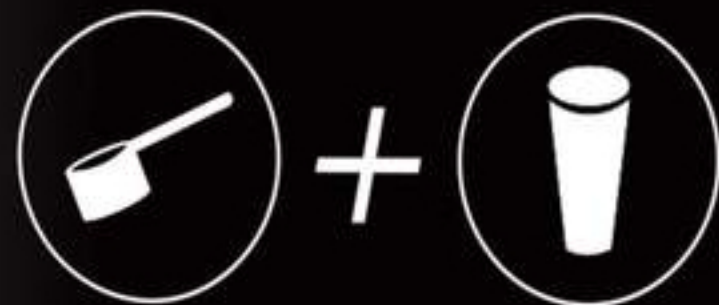

SUGGESTED USE:

As an adult dietary supplement, mix one serving (5.4g) with 6-8 ounces of water or beverage of your choice, 1-3 times per day or as directed by your doctor.*
