Women's Multi is an amazing blend of whole foods designed to provide the vitamins, minerals, trace minerals, and amino acids your body deserves. It also includes a blend of herbs used for women's health, as well as extra calcium. The base of unadulterated aloe vera juice is loaded with digestive enzymes. Sea vegetables—dubbed nature's perfect food—provide most of the nutrients in this well-rounded formula. Because Women's Multi contains whole foods and is in liquid form, there are few comparable products with a higher absorption rate.
