

Magnitropin™ is the next-generation, lean muscle building agent that is engineered for both the professional and recreational bodybuilder and athlete. Using clinically researched ingredients, Magnitropin™ is scientifically formulated to dramatically accelerate muscle growth and recovery, as well as increase strength and lean muscle mass, and heighten nutrient absorption.*

WARNING: Magnitropin™ is a MAXIMUM strength muscle building formula, and should not be consumed by persons under the age of 18. Do NOT exceed the recommended serving. If you have heart disease, diabetes, prostate, kidney, liver or thyroid disease, or any other medical condition, or if you are taking prescription or over-the-counter medication, consult your physician or licensed healthcare professional before use. Do not use if you are taking an MAO inhibitor. Before beginning any weight-loss, fitness or bodybuilding program, consult your healthcare professional. Discontinue immediately if you experience any adverse reactions. KEEP OUT OF REACH OF CHILDREN.

SUGGESTED USE: As a dietary supplement, take three (3) capsules of **Magnitropin™** twice per day. For best results, take one of your daily servings either before or after a workout. Can be taken with or without food. Do not exceed 2 servings per day (6 total capsules). Drink at least 8-10 glasses of water daily while taking **Magnitropin™**. For best results, it is recommended to take **Magnitropin™** continuously for 8 weeks, followed by an off-period of 2 weeks. Each bottle lasts for a 4 week cycle.

DISCLOSURE: Due to the unique restrictions of many organizations (Law Enforcement, Military, WADA, IOC, NCAA, NFL, MLB, NBA, etc.), it is recommended that you consult with the appropriate governing body before taking this or any other dietary supplement.
