

mTOR PRO™ Powered with ActiveTR™

Participants who took ActiveTR™ experienced elevated Leucine levels up to 4x longer than those using L-Leucine alone. The elevated Leucine levels seen in the ActiveTR™ group lasted approximately 8 hours post-consumption, contributing to a significant increase in protein synthesis and muscle recovery.*

Time (Hours)

3g dose Time-Release Leucine

Leucine

3g dose Regular Leucine

AstraGin® is a registered trademark of NuLiv Science USA Inc.

RECOMMENDED USE: As a dietary supplement, mix one (1) scoop of mTOR PRO™ with 12-16 ounces of cold water. On training days, consume during workout. On non-training days, consume throughout the day for added recovery. For enhanced results, consume two (2) servings per day. Drink plenty of water during training to avoid dehydration. Slight foaming may occur when mixed with very cold water. This is normal and will dissipate after a few minutes. Contents may settle after shipping. Shake container prior to each use to redistribute ingredients.

DISCLOSURE: Due to the unique restrictions of many organizations (Law Enforcement, Military, WADA, IOC, NCAA, NFL, MLB, NBA, etc.), it is recommended that you consult with the appropriate governing body before taking this or any other dietary supplement. May not be suitable for persons under the age of 18.

Moisture and humidity can cause clumping and discoloration. Store in a cool, dry place. Discard after expiration date.
