Discussion: Niacin No-Flush is inositol hexanicotinate, an ester of niacin (vitamin B3). Regular niacin can cause unpleasant side effects such as itchy, burning skin - the niacin "flush". Inositol hexanicotinate has not been associated with the niacin "flush".*

Directions: Take 1 capsule daily with/without food, or as directed by a qualified health practitioner.

Caution: Consult a health care practitioner if you are pregnant or breastfeeding. Do not exceed the recommended dose except on the advice of a physician. Keep out of reach of children.
