Discussion: Ortho Bone™ is a multi-nutrient combination that features a superior calcium source to support healthy bone structure. It has ossein microcrystalline hydroxyapatite complex (MCHA complex, Bone Meal), a lyophilized extract of bovine bone, which promotes the normal retention of the intact microcrystalline structure of whole bone. The MCHA complex in Ortho Bone™ is derived from New Zealand pasture-fed, free-range livestock not subjected to routine antibiotics or rBGH. Guaranteed free of bovine spongiform encephalopathy.*

Directions: Take 5 capsules twice daily, with meals to facilitate maximum absorption, taking second dose with the last meal or snack of the day, or as directed by a qualified health care practitioner.

Warning: Do not use if you are pregnant or lactating. Consult your physician before use if you have a medical condition, or if you're taking any medication (such as blood thinners). Keep out of reach of children.

Caution: Some people may experience diarrhea.

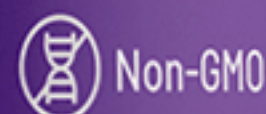

AOR™ guarantees that all ingredients have been declared on the label. Made without wheat, gluten, peanuts, sesame seeds, sulfites, mustard, dairy or eggs. *Guaranteed free of bovine spongiform encephalopathy
