Discussion: Methylcobalamin, Hydroxocobalamin and Adenosylcobalamin are active sources of vitamin B12, each form with its own unique benefits. Methylcobalamin is produced sustainability using Green Chemistry.*

Directions: Dissolve 1 lozenge under the tongue first thing in the morning, or as directed by a qualified health care practitioner. Refrigerate after opening.

Warning: Consult your physician before use if you're pregnant, lactating, have a medical condition, or if you're taking any medication. Keep out of reach of children.

Caution: Consult a health care practitioner for use beyond 4 months.
