Helps Maintain Healthy Bones†	Boosts Calcium Absorption†	Helps In Formation Of Bone Proteins†

Adequate calcium and vitamin D as part of a healthy diet, along with physical activity, may reduce the risk of osteoporosis in later life.†

What's important when it comes to bone health? Small, consistent, nutritional deposits over time to help keep bones strong later in life.

VIActiv® Calcium Soft Chews provide targeted nutrition that helps keep you active and strong. Small in size - big on impact. **VIActiv®** is an easy, delicious way to get your calcium from a convenient form you can take with you.

DIRECTIONS: Take one chew up to two times daily, with meals for optimal absorption, or as recommended by your doctor. Chew thoroughly before swallowing. Contains Vitamin K- Ask a doctor before use if you are taking a blood-thinning medicine (anticoagulant).

TAMPER EVIDENT: Do not use if seal under cap is missing or broken. Keep out of reach of children. Use as directed. Store at room temperature.
