Discussion: AOR's R-Lipoic Acid has the natural 'R' form of this vital nutrient produced in the body, unlike other supplements which also contain equal amounts of the synthetic, inactive 'S' form. The natural 'R' form is more potent than the S-form, and that in some cases the S-form interferes with R-lipoic acids actions in the body.*

Directions: Take 1 capsule 1-3 times daily with/without food, or as directed by a qualified health care practitioner.

Warning: Consult your physician if you are pregnant, lactating, if you have a medical condition, or if you're taking any medication. Keep out of reach of children.

Caution: If you experience sweating, paleness, chills, headaches, dizziness and/or confusion, discontinue use and consult a health care practitioner as these may be symptoms of serious low blood sugar.
