do you nano?

superior bioavailability*
more powerful anti-aging benefits*
designed to increase your Skin Carotenoid Score
patented (Patent # US 7,781,572)
nano-nutrients processing technology delivers
proprietary Pharmanex® Nano-Nutrients

Fat-soluble nutrients like carotenoids and CoQ₁₀ tend to bunch together in the intestine, making them difficult to absorb. To enhance absorbability, individual molecules are separated using nano encapsulation. This process prevents molecules from clinging together so they are more available for easy absorption.
