

Spot UV Location

NEO-3™ process utilizes lipase enzymes to enrich EPA and DHA concentrations, while virtually eliminating contaminants, and helps to deliver a clean taste.

Recommended intake: One teaspoon taken twice daily with meals or as professionally directed.

Warning: If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

Plant sterols can form cloudy suspensions when mixed with nutritional oil. This is perfectly normal and in no way affects the quality of the product. Always shake well before use. Do not drink directly from the bottle.

Use only if safety seal is intact. Refrigerate after opening. Contents may not fill package in order to accommodate required labeling. Please rely on stated quantity.

Keep out of the reach of children.
