

Omega-7 - The "New" Fatty Acid

Most people know about the health boosting benefits of Omega-3, but it's the "new" fatty acid, Omega-7, that's stepping into the spotlight - especially when it comes to heart health. Made with concentrated and ultra-purified Omega-7 (Palmitoleic Acid) from fish, Barlean's Heart Remedy™ is designed to support healthy cholesterol and CRP levels* with just one easy-to-swallow, heart-shaped mini-softgel per day.
