

### Tasty, Natural Citrus Gummies for a Boost of Vitamin D

Vitamin D is often referred to as "the sunshine vitamin" because we can synthesize it with exposure to sunlight. However, sunscreen use, environmental factors, age and diet may contribute to vitamin D deficiencies. Looking beyond simple deficiency prevention, current scientific research reveals significant health benefits from higher, optimal potencies. Vitamin D Sunny Gummies™ make it easy for adults and kids to get optimal amounts of vitamin D every day. Just one delicious gummy delivers:

- **400 IU Vitamin D**—to promote & protect bone strength, support calcium absorption, strengthen nerves and muscles surrounding bones, enhance immune function, circulatory system health and keep cells healthy.\*
- **100% Natural Nutrition**—natural orange flavor and organic cane sugar for a great tasting way to supplement your diet.

**SUGGESTED USAGE:** For adults and children ages 4 and over, take one gummy per day, with or between meals.
