

SMARTER IS FASTER

Our tetra-hydro curcuminoids (THCs) are more quickly bioavailable than regular curcumin. We've added plant-based AstraGin® to help increase the absorption of curcumin by 90%.*

SMARTER IS STRONGER

THCs are a whopping 250x more potent than regular curcumin, and they're better free radical fighters than vitamin C.*

SMARTER IS HEALTHIER

Our formula is suspended in black cumin seed oil, a powerful antioxidant that helps to naturally increase the absorption of curcumin.*
