Promotes Regularity*

The finely ground psyllium husks in **Hi-Fiber** promote regularity by retaining moisture and adding bulk to waste material in the colon.* Hi-Fiber helps ease elimination and cleanse the colon naturally and effectively without the use of chemical stimulants.

Promotes Heart Health*

Fiber is an important part of a well-balanced diet. Diets low in saturated fat and cholesterol that include 7 g of soluble fiber per day from psyllium husks may reduce the risk of heart disease. One serving of Carlson Hi-Fiber provides 2 g of soluble fiber.
