

Yoga to Bring Peace of Mind

Sitting cross-legged, rest your right hand on your right knee. Block your left nostril with your thumb. Breathe slowly and deeply through your right nostril only, eyes closed. Focus on your breath for 3 minutes. Sit up straight, take a few deep breaths and relax. Please ask your doctor if this exercise is suitable for you.

Our story began in 1969 when Yogi Bhaajan, an inspirational teacher of holistic living, started teaching yoga in the West. While sharing his wisdom and knowledge of herbs and healthy living, he would serve his students an aromatic spiced tea they affectionately named "Yogi Tea".
