

Solgar's Standardized • Full Potency (SFP) Herbs are developed through a unique process that integrates the ideologies of both traditional herbalism and standardized herbal technology. To ensure consistent and reliable phytonutrient levels, we isolate a controlled amount of these important active plant compounds. Then, we blend these enhanced, "standardized" compounds with all of the components that occur naturally in the whole raw herb. The result is a potent, premium-quality standardized herbal extract with all of the synergistic and beneficial qualities found in nature.

This product is free of sugar, salt, corn, yeast, wheat, dairy and animal products and is formulated without the use of artificial preservatives, flavors or colors of any kind.

To assure freshness and potency, store at room temperature 15°-30°C (59°-86°F). Store away from heat, light and moisture.

Formulated for adults.

Keep out of reach of children.

DO NOT USE IF OUTER BOTTLE SEAL IS MISSING,
TORN OR DAMAGED IN ANY WAY.

PHYTO₂X®
